JavaScript | Python | HTML | CSS | Object-Oriented Programming (OOP) | Certified in Microsoft Office | Marketo

EXPERIENCE

Embedded Tutor – Academic Success Center	Huntsville, TX	01/2023 – Present
---	----------------	-------------------

- Tutoring an online class of 38 students, providing Microsoft Access knowledge
- Reviewing student databases and tailoring study sessions to address issues and/or questions, and providing an effective solution
- Brainstorming objectives in weekly meetings with the professor to create a plan to aid students in achieving their academic goals

Marketing Coordinator Intern - Breckinridge Capital Advisors	Boston, MA	06/2022 – 08/2022
---	------------	-------------------

- Prepared materials and managed compliance reviews for marketing campaigns and presentations
- Synthesized marketing materials for social media to broaden the reach of existing collateral
- Maintained content on digital channels including the firm's website, LinkedIn, and Twitter

Student Assistant - Alumni Center	Denton, TX	08/2021 – 01/2022
--	------------	-------------------

- Designed and implemented an inventory system, covering 85 products, to assist management with accurately tracking supplies
- Utilized Excel and Word to develop a reconciling system for inventory that maximized reordering speeds and reduced surplus
- Updated alumni records weekly in the Customer Relationship Management (CRM) system, increasing accuracy of alumni data

Student Assistant - Student Money Management Center	Huntsville, TX	11/2019 – 08/2020
--	----------------	-------------------

- Prepared presentation materials in advance allowing management to receive presentation supplies on a more timely basis
- Quantified presentation data in Excel and documented the results allowing managers to improve presentations
- Managed social media content and developed a strategy for an effective outreach approach to inform students about office services

Hostess - Cracker Barrel Old Country Store	Wichita Falls, TX	06/2016 – 08/2020
---	-------------------	-------------------

- Led a team of five hostesses during peak serving hours and reduced the overall customer waiting time by 30 minutes
- Informed guests about daily lunch specials contributing to the 5% increase in lunch special sales for a given quarter
- Communicated with management to successfully resolve customer concerns and complaints increasing customer satisfaction

PROJECTS

Small Business Development Consultant	Present
---------------------------------------	---------

- Working with a 4-member team providing consulting services for a small business, meeting biweekly to analyze the client's needs
- Developing a strategy to address their issues, and present them with the best solution

Website Development	08/2022 – 12/2022
---------------------	-------------------

- Created a GitHub remote repository and wrote 600+ lines of HTML and CSS in Visual Studio Code learning web development
- Utilized coding knowledge to design a personal portfolio website – <https://mari781.github.io/index.html>

Marketing Analysis	06/2022 – 08/2022
--------------------	-------------------

- Utilized Marketo to gather 300+ lines of user engagement data on marketing content to create a schedule to boost marketing efforts
- Quantified Marketo data and used 20 Pivot Charts to notice a trend for sending marketing content and user engagement
- Created a 20-minute presentation for management outlining a strategic schedule for marketing content to increase engagement

Web Page Development	06/2022 – 08/2022
----------------------	-------------------

- Developed 3-4 web page options using WYSIWYG layout discussing sustainability
- Selected photos and revised the selected web page design to comply with company standards and regulations
